Experience

Dawn joined LGT in 1999 and brings over 15 years of experience to the engagement. Her duties include planning the engagement, supervising the staff, reviewing workpapers and financial statements and attending board and audit committee meetings after completion of the audit. Dawn focuses on client service. She brings an international perspective to your engagement and all recommendations made are business focused. She also assists clients with planning, consultation, due diligence, designing or critiquing internal control systems as well as financial reporting systems and preparing forecasts and projections.
